SPORT CASE DS Lite - DSi - 3DS WHITE LAMBORGHINI

SPORT CASE DS Lite - DSi - 3DS WHITE LAMBORGHINI

The prestigious partnership between Atomic and the famous sport car brand Automobili Lamborghini lead to the creation of the most exclusive and classiest case around for Nintendo DS Lite™, DSi™ and 3DS™ consoles.

You will fall in love with the Lamborghini Sport Case at first sight, thanks to its unique packcaging shaped like the neat, rough-edge, geometric lines of the real cars's air intakes .

In the box you can find a hard case with the prestigious Automobili Lamborghini logo in glazed metal. The case's top and the logo are shaped like in a real car's bonnet.

The Sport Case has been attentively defined in all details: the belt and shoulder straps are in elegant fake leather, with metal rings and a snap-hook.

A fabric side label with the "Tricolore" (the Italian flag) proudly remembers the "Made in Italy" design of this stylish, luxurious Sport Case.

Within the case, the usual Atomic quality and layout: two elastic bands to firmly hold the console and the inner space partinioned into two slots: one to hold the console and the other for its accessories.

Available in colours: black (code DSA.126), white (code DSA.126w).
